THE INNOVATION IS OUR AWARENESS

Material Safety Data Sheet

SECTION 1 : IDENTIFICATION OF THE PRODUCT

Product Name : **Borresperse CA**

Chemical Family : **Lignosulphonate**

SECTION 2 : HAZARD IDENTIFICATION

2.1. Classification of the substance or mixture

CLP-classification : **The product shall not be classified as hazardous according to the classification and labeling rules for substance and mixtures.**

CLP Classification-other information **The product shall not be classified as hazardous according to the classification and labeling rules for substance and mixtures.**

2.2. Label elements

Contains substance : **Calcium lignosulfonate**

2.3 Other hazards : **May form explosible dust-air mixture if despersed**

SECTION 3 : COMPOSITION / INFORMATION ON INGREDIENTS

Substances	CAS No.	EC No.	Concentration
Calcium Lignosulphonate	8061-52-7		> 93%
Water	7732-18-5	231-791-2	< 7%

Please see section 16 for the full text of H-phrases.

SECTION 4 : FIRST AID MEASURES

4.1. Description of first aid measures

Inhalation : **Seek fresh air, wash out mouth with water and blow nose thoroughly.**

Ingestion : **Wash out mouth thoroughly and drink 1-2 glasses of water in small sips.**

Skin contact : **Wash the skin with water. Remove contaminated clothing.**

Eye contact : **Open eye wide, remove any contact lenses and flush immediately with water (preferably using eye wash equipment). Seek medical advice immediately. Continue flushing until medical attention is obtained.**

4.2 Most important symptoms and effects, both acute and delayed : None

4.3 Indication of any immediate medical attention and special treatment needed : None

SECTION 5 : FIRE FIGHTING MEASURES

5.1. Extinguishing media

Suitable extinguishing media : **Extinguish with powder, foam, carbon dioxide or water mist.**

Unsuitable extinguishing media : **Do not use water stream, as it may spread the fire.**

5.2. Special hazards arising from the substance or mixture : Avoid formation of dust.

5.3. Advice for fire-fighters : **If there is a risk of exposure to vapour and flue gases, a self-contained breathing apparatus must be worn.**

SECTION 6 : ACCIDENTAL RELEASE MEASURES

6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel : **Avoid formation of dust. Provide good ventilation.**

6.2. Environmental precautions : **Avoid unnecessary release to the environment. Prevent spillage from entering drains and /or surface water.**

6.3. Methods and material for containment and cleaning up :

Sweep up / collect spills for possible reuse or transfer to suitable waste containers.

6.4. Reference to other sections : **See section 8 for type of protective equipment. See section 13 for instructions on disposal**

SECTION 7 : HANDLING AND STORAGE

7.1. Precautions for safe handling :

Provide good ventilation. Work processes where generation of dust may occur must be performed under effective process ventilation (e.g. local exhaust ventilation). Running water and eye wash equipment must be available. Wash hands before breaks, before using restroom facilities, and at the end of work.

7.2. Conditions for safe storage, including any incompatibilities :

Store in a dry, cool, well-ventilated area.

7.3. Specific end use(s) : **None**

SECTION 8 : EXPOSURE CONTROLS / PERSONAL PROTECTION

8.1. Control parameters

Occupational exposure limit :

Substance name	Time period	ppm	mg/m3
Nuisance dust, total	8h	0	10

Biological threshold values : **Avoid formation of dust**

8.2. Exposure controls

Appropriate engineering controls : **Provide good ventilation**

Personal protective equipment, eye /face protection :

Wear safety goggles if there is a risk of dust contact with eyes.

Personal protective equipment, skin protection :

In the event of direct skin contact for prolonged periods of time, wear protective gloves.

Personal protection equipment, respiratory protection :

Wear respiratory protective equipment with P2 filter when performing dusty work.

SECTION 9 : PHYSICAL AND CHEMICAL PROPERTIES

9.1. Information on basic physical and chemical properties

State	:	**Powder**
Colour	:	**Brown**
Odour	:	**Mild**
Solubility	:	**Soluble in water**
Explosive properties	:	**No data**
Oxidising properties	:	**No data**
pH (solution for use)	:	**6.2 - 7.8**
pH (concentrate)	:	**No data**
Melting point	:	**> 130^{0}C**
Freezing point	:	**No data**
Initial boiling pont and boiling range	:	**No data**
Flash point	:	**No data**
Evaporation rate	:	**No data**

Flammability (solid, gas) : **No data**

Flammability, limits : **No data**

Explosion limits : **No data**

Vapour pressure : **No data**

Vapour density : **No data**

Relative density : **No data**

Parition coefficient n-octonol /water : **No data**

Auto-ignition temperature : **> 150^{0}C**

Decomposition temperature : **No data**

Viscosity : **No data**

Odour threshold : **No data**

9.2. Other information

Density : **> 500 kg/m^3**

Other information : **Solubility in water : Soluble**

SECTION 10 : STABILITY AND REACTIVITY

10.1. Reactivity : **Not reactive**

10.2. Chemical stability : **The substance is stable when used in accordance with the supplier's directions**

10.3. Possibility of hazardous reactions : **None known**

10.4. Conditions to avoid : **None known**

10.5. Incompatible materials : **None known**

10.6. Hazardous decomposition products : **None known**

SECTION 11 : TOXICOLOGICAL INFORMATION

11.1. Information on toxicological effects

Acute toxicity - oral

Borresperse CA-SA

Organism	Test Type	Value
Rat	LD50	> 5000 mg/kg

Ingestion may cause nausea, vomiting, diarrhea, and gastrointestinal disorders.

Acute toxicity - dermal : **No hazards**

Acute toxicity - inhalation : **Inhalation of dust in high contents may irritate the mucous membranes of the respiratory organs.**

Skin corrosion /irritation

Organism	Conclusion	Test method
Rabbit	Non-irritating	OECD 404

Serious eye damage /eye irritation

Organism	Conclusion	Test method
Rabbit	Non-irritating	OECD 405

No serios eye damage / eye irritation.

Respiratory sensitisation or skin sensitisation : **No hazards**

Germ cell mutagenicity : **To the best of our knowledge this product is not a mutagen.**

Carcinogenic properties : **To the best of our knowledge this product is not carcinogenic**

Reproductive toxicity : To the best of our knowledge this product does not cause harm to reproductive organs.

Other toxicological effects :

Organism	Conclusion	Test method
Mouse	Non-sensitising	OECD 429

SECTION 12 : ECOLOGICAL INFORMATION

12.1. Toxicity

Organism	Species	Exposure time	Test type	Value	Source
Fish	Brachydariorerio	96h	EC50	> 1000mg/l	Similar product
Algae	Scenedesmus	24,48,72h	EC50	> 600mg/l	Similar product
Crustacea	Daphnia magna	24,48h	EC50	> 1000mg/l	Similar product

No effect on the environment.

12.2. Persistence and degradability : Readily biodegradable

12.3. Bioaccumulative potential : No bioaccmulation expected

12.4. Mobility in soil : Solubility in water : Completely miscible

12.5. Results of PBT and vPvB assessment : The product does not contain any PBT or vPvB substances

12.6. Other adverse effects : None known

SECTION 13 : DISPOSAL CONSIDERATIONS

13.1. Waste treatment methods : Contact the local authorities

SECTION 14 : TRANSPORT INFORMATION

14.1. UN-No. : Not applicable

14.2. UN proper shipping name : Not applicable

14.3. Transport hazard class(es) : Not applicable

14.4. Packing group : Not applicable

14.5. Environmental hazards : Not applicable

14.6. Special precautions for user : None

14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code : Not applicable

SECTION 15 : REGULATORY INFORMATION

15.1. Safety, health and environmental regulations /legislation specific for the substance or mixture

Special Provisions : ADR /RID (2017), GHS /CLP (EC NO1272/2008)

15.2. Chemical Safety Assessment

Other information : The product does not have to be classified

SECTION 16 : OTHER INFORMATION

References to literature and data sources :

This Safety Data Sheet meets the requirements of 91/155/EEC and ISO 11014-1.

Vendor notes :

Information given in this safety data sheet is in accordance with our information, and to the best of our knowledge, was corret on the last revision date. Information given is intented to present guideliness for safe handling, use processing, storage, transport, disposal and discharge; it is not intended to be a guarantee or quality specification. It is the responsibility of the recipient of this safety data sheet to ensure that information given here is read and understood by all who use, handle, dispose of or in any way come in contact with the product.

Classification method : ADR /RID . REACH (EC 1907/2006) GHS /CLP (EC No.1272/2008) GHS USA

Product type : Calcium Lignosulphonate
